*"I will lift mine eyes unto the hills from whence cometh my help." The hills: A place filled with life, love, and happiness. Day by day we experience these things, along with pain and sorrow. Some may look at these hills as that of a barrier, we see them as a source of inspiration. Each of us must choose a pathway through these beloved hills of ours. Should we decide to stay and create a better environment for eastern Kentucky or whether we take our creative energies elsewhere, we will always be able to seek comfort by looking to the hills . . .*

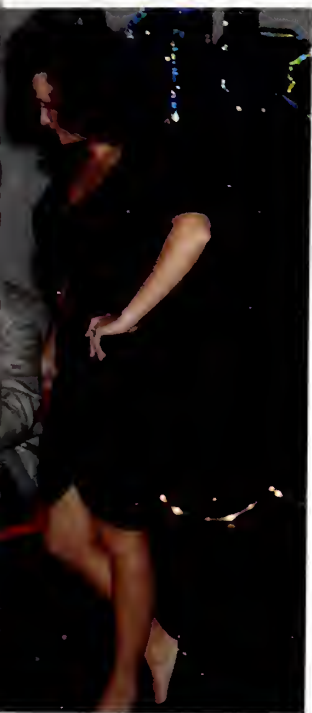

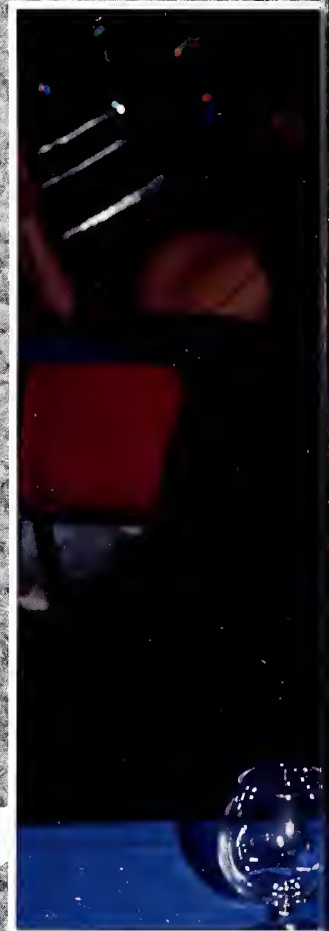

*P.C. students following their own pathways to success.*

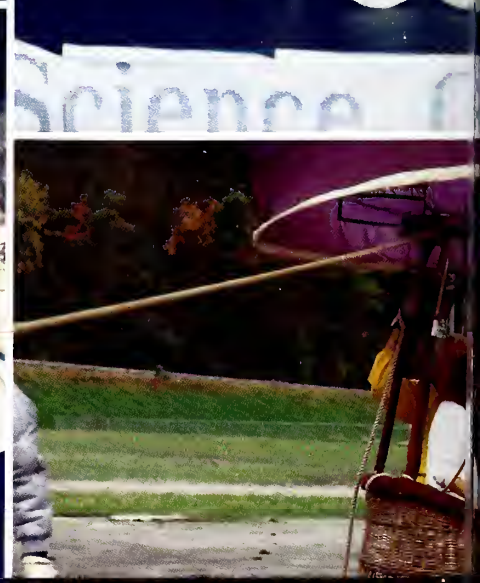

*Whether we choose a pathway to success or failure, it is our own decision.*
